

Sunday Best Quiltworks

“UFO” Night

June 19 & 20, 2009

Agent L scanned everyone’s luggage before the group departed for SBQ’s secured AREA 51 facility.

Agent T & Agent L performed an Alien Autopsy and revealed the secret name of an alien infiltrator lurking among the humans in Area 51!

Rare alien artifacts, alien plant life and crash site debris were on display in SBQ's Area 51.

The group enjoyed an Alien Buffet of out-of-this-world cosmic treats!

They constructed special customized Brainwave Deflector's (*tin foil hats!*) to keep their thoughts hidden from mind-reading Aliens.

Each member of the Area 51 team worked to complete their own assigned missions.

Missions complete!

Agent T and Agent L thank you for your participation and invite you to watch the SBQ website for more exciting events!
